# Dj Mike Peters

**Place:** Zürich

**Dj since:** 2002

## General Information:

Mike Peters is and has always been a big music fan. At the age of 12 he began buying music almost like a freak. In the beginning he specialised in Black Music and bought everything that had a big name in that genre. But he also started being interested in other music styles. First, Mike Peters got into Nu Beat, then he opened his ears for Drum and Bass, House, Breakbeats, Electro, TechHouse, Minimal and Techno. Since then Deep House, TechHouse, Techno and Minimal have fascinated him the most and successively started dominating the playlist of his DJ Clubsets. This allows him to choose from a huge repertory of tracks, making it diverse and therefore unique. In addition to that he has developed a profound knowledge and feeling of what crowds like, as he has proved while organizing party and music events for the last 7 years in Zürich and all over Switzerland.
